GRAND ARCTIC
 HOTEL

Grand Arctic Hotel ★★★★★

Grand Arctic Hotel lies in the heart of Swedish Lapland, right where the Kalix River and Ängesån flow together. It provides all that is needed for a memorable stay. Our broad range of activities and accommodation attracts both adventuresome families and those travelling on business, conference guests, those travelling for pleasure, or simply to get away from it all.

Its central location in Överkalix and the magnificent countryside just round the corner mean that you as a guest have the opportunity of shopping as well as exotic outdoor activities. It's a combination that is hard to beat – there are few places where you can start your skiing tour right outside your hotel room, or sit in a restaurant and see a dog sledding across the frozen water outside.

The conference guest here will find the full range of services. The hotel has fully-equipped facilities for up to 50 participants, with both wireless Internet and mounted PC projectors. There are facilities directly adjacent for another 350 participants.

After an eventful day, a meal in our restaurant is always welcome. Our renowned kitchen offers dishes from Swedish Lapland as well as international cuisine. To round off dinner, pop into our Wilderness Bar with its rustic decor, or why not the nightclub downstairs?

All hotel guests have access to our wonderful spa section, with its sauna, Jacuzzi, solarium, open fire and massage. For those wanting that little extra for body and soul, there is relaxation in a wood-fired bathtub and outdoor sauna in a log cabin.

We are looking forward to meeting you - Grand Arctic Hotel!
