TORNEDALIA
 HOTEL IN ARCTIC LAPLAND

Hotel Tornedalia ★★★

Hotel Tornedalia lies on the border between two nations and two time zones. The setting and the food represent different cultures. We aim to take the best from each region, and hope and believe that we provide the best for you, our guest. Local ingredients, home-like atmosphere, light and airy rooms, personnel skilled at languages, and a personal, unforced manner. We give you "that little extra".

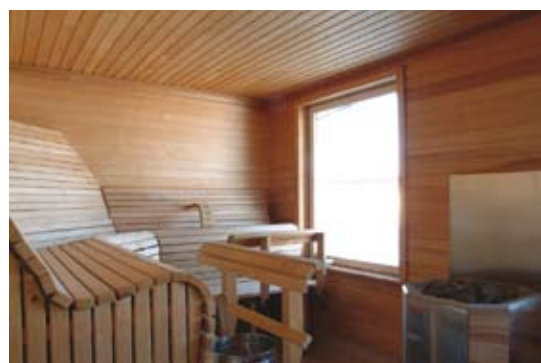

The hotel lies in Övertorneå, a community of 2,500 people. There is a mix of languages, traditions, cultures and nationalities. A summer stay here is filled with local cultural events, outdoor life, sun and bathing. Our warm summers mean that our light evenings are mild. Outdoor dances are popular in the villages and dancing goes on until the early hours. Several large fairs add zest to the whole region. You can go on excursions to exotic places in the area, or ask reception to suggest activities in Övertorneå. Our sandy beaches are first-rate, and you can bathe in the pool, in lakes and in the Torne River.
