## Hotel Tornedalia ★★

Hotel Tornedalia is on the border between two countries and two time zones. The environment and food are from different cultures. We aim to take the best from each region and we hope and feel that this will also be the best for you, our guest. Local ingredients, a “make yourself at home” atmosphere, airy and fresh spaces, staff with good linguistic skills and a personal, unforced manner. We give you “that little extra”.

The Hotel lies in Övertorneå, a community of 2,500 people. There are two alpine skiing centres within 30 minutes, and well-prepared skiing tracks of different lengths. Why not rent a kick-sleigh from the hotel and set off for some ice-fishing? Nearby we have activity entrepreneurs offering a wide range of services including dogsledding, reindeer and snowmobiles.
